

Dear gamer,

Thank you for purchasing this game. We've invested a lot of time in developing this product so you can enjoy it. This manual gives a brief description on how to play the game. Enjoy the game and may the elder gods be with you!

80's Skyrim Manual

1) Player

This is you! You can control this character with the arrow-keys and use items (if you've got 'em) by pressing either the A-key or the B-key.

2) Items

These can be picked up! Walk over them to pick one up. They will be placed in your inventory.

3) Environment

This is the world! You can wander around by walking across your window, discover the world!

4) Enemies

Watch out! Once one of these sees you, you're in grave danger! If one spots you, others will look for you too! Run or kill them, but make it quick!!!

5) Menu

Once pressed [ESC] you can press [A] while one of these buttons is selected to return to the game or exit the program.

6) Health

This displays how much health you've got left. Once you're dead, the game is over!

7) Equipment

Here you can see what you are wearing.

8) Inventory

Navigate here when you've paused the games, press [A] to equip in A-slot or [B] to equip in B-slot!

9) Minimap

Here you can see where you are in the world! A lot to explore...
